# CONNECT LITE

AstralPool's Connect LITE is the easiest way to automate your swimming pool. It offers pool owners total control of up to four colour-changing LED lights. When integrated with a Viron Chlorinator, you can choose up to 4 timer periods to control your pool lights.

The Connect LITE be further expanded to include internet connection for control by the ConnectMyPool app from anywhere in the world. Using the platform's mobile app, users can check that the different pool elements are working properly at all times and receive informative parameters and control data on chemical production levels.

## TOTAL LIGHTING CONTROLLER

The Connect Lite gives you the functionality to operate up to 4 x SLX Lights. It couldn't be easier to activate and deactivate lights, change colours or return lights to Sync position with an easy one-touch button.

## EASY CONTROL

The included convenient RF handheld remote allows for easy intuitive control.

## INTEGRATION WITH CHLORINATORS

When connected to a Viron or EQ chlorinator, you can automate your lights at night using the chlorinators built in timers.

## CONNECT MY POOL APP

Since the Connect LITE is an expandable integrated pool automation system, it can be easily upgraded to include a full colour touchscreen controller. The AstralPool internet gateway can then be easily added to enable full control with the ConnectMyPool app.
